**Subject:** - Paste New invention (Web Accessibility Tool) for disabled and regional Students and public on all websites.

R/Sir,

### क्षेत्रीय लोगों और विकलांगों का साथ, विकास और विश्वास।

In connection with the subject matter that regional and disabled students and the public are living in the country. They have the right to access all information (Universal Accessibility Read 1.8 in GIGW) <https://atoall.com/asp/guidelines-govt-websites-match-with-atoall.asp>. Apply this new easy web accessibility tool on websites.

1. Get code from this link and details of how it works. '<https://atoall.com/>'. Paste this code similar as well as FaceBook, Twitter codes.
2. Apply this code on your websites. Send this information to your other departments more benefits of the public. They will get maximum benefits from it for the interest of the public.
3. URLs of websites are not translatable. So, regional and disabled people cannot surf these websites because URLs of websites are in English. This Web Accessibility tool solves this problem for regional and disabled.
4. User will get a webpage with the help of other net user once only. After that, regional or disable user can open websites very easily with this unique tool, by their own hand again and again. Now he can surf the same website without any help.
5. These Government websites have been already implemented this web accessibility tool invention on their websites for the interest of the public.
