PROPOSAL FOR IMPLEMENTATION OF CHOICE BASED CREDIT SYSTEM(CBCS) TO ALL THE PROGRAMS OFFERED AT M. J. P. ROHILKHAND UNIVERSITY CAMPUS

M.J.P. Rohilkhand University has already switched over to Semester System from conventional annual system long back. Grading system is also already implemented to all the Engineering Courses at undergraduate level. It has been observed that grading system is better than conventional marks system and that is the reason why it is being followed by almost all the premier institutions. Taking a note of it and with an objective to maintain uniformity, it is proposed to adopt grading system to all PG programmes of MJPRU Campus in light of UGC guide lines.

ORDINANCES GOVERNING THE PG PROGRAMS IN AFFILIATED COLLEGES AS PER NEP-2020 AND IMPLEMENTATION OF CHOICE BASED CREDIT SYSTEM AT PG LEVEL

The following ordinances shall govern the admissions, courses of study, examinations and other matters related to these programs. M. J. P. Rohilkhand University has adopted the semester system in postgraduate programmes as per directives of Higher Education Department, Uttar Pradesh Government to accelerate the teaching-learning process and enable vertical and horizontal mobility in learning from academic session 2022-23. The choice based credit system as well as semester system will provide flexibility in designing curriculum and assigning credits based on the course content and hours of teaching. The duration of different courses, subjects and subject combinations, entry exit and re-entry system shall be in accordance to NEP-2020 and different government orders issued to this effect. Teaching in academic year shall be divided into two semesters, each semester extending to about 15 weeks of teaching and one week for preparatory holidays and practical examinations Teaching including examinations for odd semesters will normally be during July to December and for even semesters from January May.

The new system will have the following features: -

FEATURES:

Academic Year: Two consecutive (one odd + one even) semesters constitute one academic year.

Credit System (CBCS): The CBCS provides choice for students to select from the prescribed

courses (core, elective/open elective or minor or skill-based courses). Under the CBCS, the requirement for awarding a PG degree or PG diploma is prescribed in terms of number of credits to be completed by the students.

Course: Usually referred to, as ‘papers’ is a component of a programme. All courses need not to carry the same weightage. The courses should define learning objectives and learning outcomes. A course may be designed to comprise lectures/ tutorials/laboratory work/ field work/ outreach activities/ project work/ vocational training/viva/ seminars/term papers/assignments/ presentations/ self-study etc. or a combination of few of these.

Credit Point: It is the product of grade point and number of credits for a course.

Credit: A unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work/field work per week.

Cumulative Grade Point Average (CGPA): It is a measure of overall cumulative performance of a student over all semesters. The CGPA is the ratio of total credit points in all the semesters. It is expressed up to two decimal places.

Grade Point: It is a numerical weight allotted to each letter grade on a 10-point scale.

Programme: An educational programme leading to award of a PG degree or PG diploma.

Semester Grade Point Average (SGPA): It is a measure of performance of work done in a semester. It is ratio of total credit points secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.

Semester: Each semester will consist of 15-18 weeks of academic work equivalent to actual teaching days. The odd semester may be scheduled from July to December and even semester from January to June.

Transcript or Grade Card or Certificate: Based on the grades earned, a grade certificate shall be issued to all the registered students after every semester. The grade certificate will display the course details (code, title, number of credits, grade \secured) along with SGPA of that semester and CGPA earned till that semester.

SELECTION OF COURSES AND ADMISSION PROCESS

The college will register on the admission portal available on university website for confirmation of admission to any programme running in the University campus or affiliated college by depositing the requisite fee (excluding those for which an entrance examination is

conducted for admission).

Departments/ colleges will complete the admission process following Pravesh Niyamavali of university.

The students have to select the faculty where admission is sought (Science/Arts/ Commerce/Management etc.) depending upon their eligibility.

University/ College will admit students as per availability of seats and as per eligibility.

In PG the CBCS based new syllabus shall be implemented from session 2022-23.

Concept of Electives: Each student has to choose minimum 2-3 electives each of 4 credits.

- a) Elective-1: A Course/Paper chosen from any other discipline/Area.
- b) Elective-1: A course/Paper chosen from the same discipline/Subject.
- c) Elective-1: A course/Paper chosen from the same discipline for specialization in the area.

ABC (Academic Bank of Credit): A student can choose courses in the area of disciplinary/interdisciplinary from **MOOCS/ SWAYAM** portal of maximum of 12 credits. His Credits will be included in the PG programme /award.

ENTRY, EXIT AND RE-ENTRY PROCESS IN POST GRADUATE PROGRAM

- Student on completion of first year (2 semesters) of postgraduate programme may exit from the programme with a PG Diploma and after completion of two years (4 semesters) may exit with a PG degree.
- Student may be awarded UG(Research) at the completion of four years (8 semesters) including three years at UG level.
- Student will be allowed re-entry at the next level after exit.

The structure as approved by State Government is given below:

Where S1, S2, S3 and S4, are the SGPA's of each semester and C1, C2, C3 and C4 are the total credits in semester 1-4 respectively.

- ii. Illustration of Computation of SGPA and CGPA and Format for Transcripts

Computation of SGPA and CGPA

- a. *Illustration* for SGPA

Course	Credit	Grade letter	Grade point	Credit Point (Credit x Grade)
Course 1	3	A	8	3 X 8 = 24
Course 2	4	B+	7	4 X 7 = 28
Course 3	3	B	6	3 X 6 = 18
Course 4	3	O	10	3 X 10 = 30
Course 5	3	C	5	3 X 5 = 15
Course 6	4	B	6	4 X 6 = 24
	20			139

Thus, $\text{SGPA} = 139/20 = 6.95$
