### **SUGGESTIVE GUIDE LINES FOR SEMESTER-BASED IMPLEMENTATION MODEL FOR UNIVERSITY AND AFFILIATED COLLEGES**

M. J. P. Rohilkhand University will adopt the semester system in Undergraduate courses as per directives of Higher Education Department, Uttar Pradesh Government to accelerate the teaching-learning process and enable vertical and horizontal mobility in learning from academic session 2021-22. The choice based credit system as well as semester system will provide flexibility in designing curriculum and assigning credits based on the course content and hours of teaching. The common minimum syllabus has been approved by the government in many courses and remaining courses are also in the process of being updated, which shall be adopted by the University through the prescribed statutory process as per directives from UP Govt. The new system will have the following features: -

- i. Academic Year:** Two consecutive (one odd + one even) semesters constitute one academic year.
- ii. Credit System (CBCS):** The CBCS provides choice for students to select from the prescribed courses (core, elective or minor or skill-based courses). Under the CBCS, the requirement for awarding a degree or diploma or certificate is prescribed in terms of number of credits to be completed by the students.
- iii. Course:** Usually referred to, as 'papers' is a component of a programme. All courses need not to carry the same weightage. The courses should define learning objectives and learning outcomes. A course may be designed to comprise lectures/ tutorials/laboratory work/ field work/ outreach activities/ project work/ vocational training/viva/ seminars/termpapers/assignments/ presentations/ self-study etc. or a combination of few of these.
- iv. Credit Point:** It is the product of grade point and number of credits for a course.
- v. Credit:** A unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work/field work per week.

**vi. Cumulative Grade Point Average (CGPA):** It is a measure of overall cumulative performance of a student over all semesters. The CGPA is the ratio of total credit points in all the semesters. It is expressed up to two decimal places.

**vii. Grade Point:** It is a numerical weight allotted to each letter grade on a 10-point scale.

**viii. Programme:** An educational programme leading to award of a Degree, diploma or certificate.

**ix. Semester Grade Point Average (SGPA):** It is a measure of performance of work done in a semester. It is ratio of total credit points secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.

**x. Semester:** Each semester will consist of 15-18 weeks of academic work equivalent to actual teaching days. The odd semester may be scheduled from July to December and even semester from January to June.

**xi. Transcript or Grade Card or Certificate:** Based on the grades earned, a grade certificate shall be issued to all the registered students after every semester. The grade certificate will display the course details (code, title, number of credits, grade secured) along with SGPA of that semester and CGPA earned till that semester.

**xii. Selection of courses and admission process**

- The college will register on the admission portal available on university website for confirmation of admission to any programme running in the University campus or affiliated college by depositing the requisite fee.
- Departments/ colleges will complete the admission process following pravesha niyamavali of university.
- The student has to select the faculty where admission is sought (Science/Arts/Commerce/Management etc).
- University/ College will admit students as per availability of seats and as per eligibility.
- Student will select three major subjects out of which two major subjects will be compulsorily from the chosen faculty within the subjects available in the college and the third major subject can be from the chosen faculty or any other faculty. The college may lay down options for the third major subject if to be opted from any other faculty keeping in view subjects offered in the college and sanctioned seats.
- One minor elective paper may be chosen from own faculty or different faculty in the first four semesters from amongst the subjects available in the college. University/ College will allocate minor elective paper as per availability of subjects/ seats. This minor elective paper shall only be the paper of a subject and not the full subject. No pre-requisite is required for minor paper.
- However out of third major and fourth minor one must be from different faculty.
- Each student will opt for a vocational course in the first four semesters as decided by the Principal of the college/Vice Chancellor. However, if there is a practical problem in choosing a vocational course due to non availability of such courses in the college/colleges, the students

may be asked to select this course within the available on line courses at UGC, Swayam/ MOOCS portals etc after admission.

- In B.A./ B.Sc. (Hons) as well as single subject UG programs the CBCS based new syllabus shall be implemented from session 2022-23.
- In PG the CBCS based new syllabus shall be implemented from session 2022-23.

### xiii. Entry, exit and re-entry process in Undergraduate programme

- Student on completion of first year (2 semesters) of Undergraduate programme may exit from the programme with a certificate and after completion of two years (4 semesters) may exit with a Diploma.
- Student will be awarded Degree after completion of three years (6 semesters).
- Student will be allowed re-entry at the next level after exit.
- Student will be allowed conditional subject change in the second/ third year on the basis of prescribed prerequisites and availability of seats.
