

List of Research Scholars whose Ph.D is Awarded :

Sl.No	Name of students /Research Scholars	<u>Title of Ph.D Thesis</u>	<u>Degree</u>	<u>Year of Award</u>	<u>Guide Name</u>	<u>Photo</u>
1	Jagdish Prasad	Synthesis of bioactive compounds with special attention to antihypertensive agents	Doctorate	2010	Prof. S.K.Pandey	
2	Mridul Mishra	Studies on new antimalarial agents "Synthesis and Bioevaluation"	Doctorate	2011	Prof. S.K.Pandey	
3	Nimisha Singh	Studies on degradation of Organophosphate Insecticides (Chlorpyrifos) to prevent leaching in ground water.	Doctorate	Awarded 2013	Prof. Nivedita Srivastava	
4	Anil Kumar	Synthesis of Heterocyclic compounds with special attention to the biological activity of quinolones and their analogues.	Doctorate	Awarded 2014	Prof. Nivedita Srivastava	

5	Arti Mehrotra	Studies on design, synthesis and antimicrobial activity of compounds containing purine pyrimidine and amino acid as essential component s.	Doctorate	Awarded 2016	Prof. Nivedita Srivastava
